

QUALITY MANAGEMENT POLICY

The Board of Directors of CMO S.L. believes that the management of processes and resources is the basis of creating value for customers and employees.

1. Purpose

The Quality Policy seeks to contribute to the sustainable, equitable and profitable growth model of the company. The procedures related to quality management serve as support and coordination for compliance with this Quality Policy by all areas of the company.

2. Basic principles of action

It is the policy of the company, to supply products, according to the requirements of the customer, and based on the applicable regulations, regulations and directives applicable in the European union for its commercialization.

To foster the culture of continuous improvement of processes, in order to improve the competitiveness of C.M.O, to verify an evolution in the company and to satisfy the expectations of the customers. A quality management system under UNE EN ISO 9001 will be implemented, maintained and continuously developed.

The objectives set annually will be reviewed, at the end of the year, will determine the degree of achievement of objectives and when issuing the annual report, review of the quality system by management, will be established the new to pursue throughout the following year.

Encourage teamwork of employees, information flow and involvement in the final product finish, informing them of any situation that, in their opinion, could affect the quality of the product or hinder the development of the product.
